## CCP Course Information

- Enroll as a High School CCP student at <https://www.clarkstate.edu/admissions/enroll-now/college-credit-plus-application/>. This is a one-time enrollment.
- Students who have not taken a course on campus or online must attend a CCP orientation. To register for an orientation visit <https://www.clarkstate.edu/admissions/admissions-for-college-credit-plus/college-credit-plus-orientation/>
- Once enrolled, students must meet the required Accuplacer **or** ACT scores in the chart below.
  - If students have an A in 9th grade English, they are considered “remediation-free” in Reading and Writing and can enroll in ENG-1111 or the like (PSY-1111/HST). Anything lower than an A and they must take Accuplacer.
  - If students have a B in Algebra II, they are permitted to go into MTH-1280, MTH 1070 or STT-2640 (“remediation free” in Math); all other students would need to take Accuplacer.
  - If students want to take MTH-1340 or MTH-2200 and do not have MTH-1280 or appropriate scores, they will need to take Accuplacer. If students earned a C or better in MTH 1340, they do not need to take the Accuplacer to enroll in MTH 2200.
  - Students must also have a cumulative GPA of 3.0 or higher to enroll in these classes.
