

***American Rescue Plan: Safe Return to In-person Instruction and Continuity of Services Plans
For the Cedar Cliff Local School District***

Each district and community school should post on its local website a plan which includes, or will be modified to include, the extent to which it has adopted policies and a description of any such policies on each of the following mitigation strategies:

1. *Universal and correct wearing of masks*: The Cedar Cliff Local School District plans to make mask wearing “optional” but will follow the Ohio Department of Health and Greene County Board of Health guidelines.
2. *Physical distancing*: The Cedar Cliff Local School District plans to have classroom activities that mirror a “normal” class/school year but will follow the Ohio Department of Health and Greene County Board of Health guidelines.
3. *Handwashing and respiratory etiquette*: The Cedar Cliff Local School District will continue current handwashing and respiratory etiquette guidelines.
4. *Cleaning and maintaining healthy facilities, including improving ventilation*: The Cedar Cliff Local School District plans to eliminate Plexiglas barriers but will continue all other current cleaning guidelines.
5. *Contact tracing in combination with isolation and quarantine, in collaboration with the state, local, territorial or tribal health departments*: The Cedar Cliff Local School District plans to only isolate/quarantine students who test positive for the COVID-19 virus but will follow the Ohio Department of Health and Greene County Board of Health guidelines.
6. *Diagnostic and screening testing*: The Cedar Cliff Local School District will follow the Ohio Department of Health and Greene County Board of Health guidelines and asks that parents do daily temperature checks and screening and will no longer do daily temperature checks prior to instruction at the district level.
7. *Efforts to provide vaccinations to educators, other staff and students, if eligible*: The Cedar Cliff Local School District will follow current Local Board Policy regarding vaccinations and will partner with local pharmacies to provide greater access to vaccinations for the COVID-19 virus.
8. *Appropriate accommodations for children with disabilities with respect to the health and safety policies*: We will follow all Cedar Cliff Local School District Local Board Policies regarding students with disabilities.

Each district and community school should post on its local website a plan which describes how it will ensure continuity of services including but not limited to:

1. *Services to address the students’ academic needs, and students’ and staff social, emotional, mental health and other needs, which may include student health and food services*:

The Cedar Cliff Local School District Leadership Team will review student data and identify students’ academic needs and SEL needs.

They will provide input into how to best support the identified needs through before, during and after school programs. They will also collect data on staff's social, emotional, mental health and other needs. They will provide input into how to best support the identified needs of staff.

2. The LEA periodically reviews, no less frequently than every six months for the duration of the ARP ESSER grant period (i.e., through September 30, 2023), and revises its plan as appropriate:

The Cedar Cliff Local School District Leadership Team will meet quarterly to review students' academic needs, and students' and staff social, emotional, mental health and other needs and will revise our plan if needed to meet identified needs.

3. The LEA seeks public input and takes such input into account on (1) whether revisions are necessary and, if so, (2) the revisions to the plan:

The Cedar Cliff Local School District Leadership Team has provided the community an opportunity to provide input into the safe return plan and will continue to request public input on whether or not revisions are needed for the Safe Return Plan. This input from all stakeholders (Students, Staff, The administration, and the Community) will assist in any revisions necessary to meet identified needs.

Should the district be mandated to initiate protocols beyond these items, it will reinstitute procedures from the 2020-2021 academic school year.
