At the April 23rd meeting, details will be given regarding appointments for the Kindergarten screening process and a complete description of the screening process will be provided as well. These fun screening activities will help staff assess the child's readiness for Kindergarten and provide valuable insight that can assist with the decision to enroll at this time. All incoming Kindergarteners must also receive the hearing and vision screenings provided at the district's screening event, or must provide the information from their family doctor.

All incoming kindergarten students are required to take the Kindergarten Readiness Assessment (KRA), which will take place August 6th & 7th.

All students must register for Kindergarten, even if they have been enrolled in the preschool program through the Greene County ESC.
