

Cedarville High School
Student Engagement & Fine Arts Seal Activity Log

Date	School Year	Activity	Advisor/Coach Signature

Student Engagement Seal Requirements: Students must participate in at least two Board-approved extracurricular activities during high school. Eligible activities include athletic programs, a recognized school club or student government. Students must participate in the entire scheduled season of the activity.

Fine & Performing Arts Seal Requirements: Students can meet the requirements of this seal by earning at least two credits of an approved fine arts program elective in one of the following areas: visual arts, music, or media arts during high school (you would not need to fill this form out for this option). Students may also earn the seal by participating in two full seasons of a Board-approved fine or performing arts extracurricular activity in one of the recognized areas: choir, theatre or band. Students can receive two “credits” in one year if they are taking the class which earns them one credit and also participates in the entire season of the extracurricular activity component to meet their required two “credits” for this seal (For example; band and choir would fulfill the requirement of both if you earned credit and participated in the extracurriculars).

Once completed, please submit this form to Mrs. Tingelstad.
