

Red / Pivot Practice Information Transportation

As I stated last week (and in the onecall that will be going out this evening), we are trying to alleviate potential traffic issues with tomorrow's schedule.

For the MS / HS, we are going to attempt the normal pick-up and drop-off routine. *HOWEVER*, we ask the folks remember, during the mid-day changeover, students will be going home while other students are arriving—we need everyone to drive slowly and safely for everyone's benefit.

Please be *VERY* careful if you are parked along the sidewalk and then attempt to pull out and leave, there will probably be someone passing on your left side. Again, please double-check and be cautious we have young drivers everywhere!

For the Elementary changeover: As parents drive down Walnut to enter the facility, we will be directing them to one of two points—a drop-off point and a pick-up point (See picture below).

If you are dropping off for the PM session, please do so behind Faith Hall and we will escort students across. If you are picking up from the AM session, please do so in front of the Elementary doors.

ALSO—ALL Students who arrive for the afternoon session should immediately report to the gym—we need all afternoon students in the gym between 11:20-11:30. We will dismiss to first period class after all AM students have left the building.
